

NILAM SHAHAJI KOLEKAR

Flutter Developer | Mobile Application Developer

Pune, India | +91 9730584425 | nilamkolekar26@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFILE SUMMARY

Flutter Developer with 2+ years of experience building cross-platform mobile applications and full-stack web systems. Skilled in Flutter, GetX state management, Firebase (real-time database, authentication), and REST API integration, with a strong foundation in Java, React, and SQL from prior full-stack work. Currently building automotive diagnostic mobile apps (DTC reading/flashing) at Autopeepal Technologies. Delivered production apps spanning HRMS, ed-tech, and AI-enhanced learning tools. Comfortable owning a feature end-to-end — from UI to backend integration to deployment — within agile, cross-functional teams.

SKILLS

Mobile Development: Flutter, Dart, GetX, Firebase (Realtime DB, Auth, Firestore), Cross-platform iOS/Android development

Web Development: React, JavaScript, HTML5, CSS3, Bootstrap, Responsive Web Design, Java, Node.js, Express.js

Database & APIs: SQL, MongoDB, RESTful APIs, Third-party API integration

Tools & Practices: Git, GitHub, GitLab, VS Code, Postman, Agile/Scrum, Debugging, Code Optimization

PROFESSIONAL EXPERIENCE

Junior Flutter Developer | Autopeepal Technologies

February 2026 – Present

- Develop Flutter-based mobile applications for automotive diagnostics, including DTC (Diagnostic Trouble Code) reading and flashing workflows.
- Contributed to 3 diagnostic-focused mobile app projects, building UI and integrating diagnostic/hardware communication features.
- Collaborate with cross-functional teams to test and refine diagnostic tools for real-world vehicle data accuracy.

Full Stack Developer | Global Edutech Pvt Ltd.

May 2024 – February 2026

- Built and maintained Android and web features for an educational platform using Java, React, Firebase, and SQL.
- Owned frontend and backend development for two major applications, from planning through testing and deployment.
- Contributed to release planning and QA cycles, helping ship on schedule with [reduced bug count / fewer post-release issues — add your metric].

PROJECTS

ECU Diagnostic Terminal Tool — Kirloskar & Autopeepal

Tech: Flutter/Dart, Dongle Communication, ECU Protocols, WiFi, USB

- Built a terminal application to send and verify ECU commands through a diagnostic dongle across multiple communication channels for Kirloskar and Autopeepal diagnostic projects.
- Implemented routine diagnostic tests and DTC (Diagnostic Trouble Code) read functionality across all supported channels.
- Enabled ECU flashing over both WiFi and USB dongle connections.

ErpHrms — Enterprise HR Management System

Tech: Flutter, GetX, Firebase

- Built a cross-platform HR management app (onboarding, attendance, leave, payroll, performance reviews) using Firebase for real-time sync and authentication.

AI Language Learning Platform

Tech: React, JavaScript, SQL, AI Integrations

- Built an AI-powered web app delivering interactive learning content and quizzes for grades 1–12.

EDUCATION

Bachelor of Engineering, Computer Engineering — Pune University | CGPA 9.05 | 2020–2023

Diploma in Computer Engineering — MSBTE | 82.17% | 2018–2020

ACHIEVEMENTS

- Awarded 1st Prize in Academics.
- Served as TPO (Training & Placement) Cell Coordinator; organized the 'Junior Paras' college event.
